

**Programme Information Sheet**
**FO4IMPACT**

Funding	European Union (EU)
Admin	International Fund for Agricultural Development (IFAD)

AFRICA			ASIA		
Budget & Co-Implementers	TOTAL	EUR 23 Million	Budget & Co-Implementers	TOTAL	EUR 16 Million
	PAFO	EUR 1.5 Million		AFA	EUR 7.4 Million
	RFOs <i>ROPFA, PROPAC, EAFV. SACAUI</i>	EUR 15 Million		PFO	EUR 4.8 Million
	AgriCord	EUR 6.5 Million		CIRAD	EUR 1 Million
AgriCord sub-programme			AgriCord sub-programme		
AAs	Acodea, Afdi, AHA, Asprodeb, Cresol, CSA, Fert, FFD, Trias, UPA DI, We Effect		AAs	Afdi, AHA, AsiaDHRRA, CSA, FFD, Trias, UPA DI	
Countries	Benin, Burkina Faso, Burundi, Cameroon, Democratic Republic of the Congo, Gambia, Guinea, Kenya, Madagascar, Malawi, Mozambique, Namibia, Senegal, Tanzania, Togo, Uganda		Countries	Cambodia, India, Indonesia, Laos, Philippines, Vietnam	
Value chains	Agroforestry, Banana, Bioinputs, Cacao, Cashew, Cereals, Chicken, Karité, Maize, Peanut, Rice, Root and Tuber Crops (RTC), Soya, Vegetables		Value chains	cacao, calamansi, dairy, fisheries, fruit, poultry, rice, seaweed, spices, timber, vegetables	

**Outcomes and expected results**

#1	<b>FOs deliver enhanced technical and economic services to FLEs and smallholder farmers</b>	
	Result 1	Improved access of FOs and their members to financial services including rural and climate-related funds (including various means, tools and approaches)
	Result 2	Increased market access, agribusiness linkages and value addition for agricultural products through strategic value chains
	Result 3	Improved participation/representation of farmers-led enterprises run by women and young people in market and value chain development
#2	<b>FOs apply agroecological based research and innovation activities with their members enhancing regenerative and climate resilient agriculture</b>	
	Result 4	Enhanced capacity of agri-SMEs and FOs to access and scale approaches and innovations based on agroecological principles
	Result 5	Strengthened technical advisory services and farmer to farmer learning to support FOs and their members in implementing agroecological approaches
#3	<b>FOs influence policy changes to support sustainable food systems and business environment</b>	
	Result 6	Implementation of policy analysis and advocacy tools to address SMEs/cooperative competitiveness, food and input price volatility, improve access to productive assets and market, enhance climate resilience, and support the transition to sustainable farming systems and agroecological principles
	Result 7	Enhanced FOs' representation at all levels to advocate for policies that strengthen strategic value chains, recognize the socioeconomic role of smallholders and their organizations, and support agrifood system transformation
	Result 8	Increased participation of women and youth in policy advocacy, focusing on their role in promoting climate-resilient farming and strategic value chains.

#4	<b>FOs operate with strong governance, accountability and coordination mechanisms</b>	
	Result 9	Improved multilevel coordination and governance among partners
	Result 10	Improved accountability through institutional strengthening, capacity development, transparency mechanisms, good governance, MIS and a call for inclusiveness to integrate new FOs
	Result 11	Strengthened management functions and performance monitoring systems within FOs, ensuring effective tracking and continuous improvement through assessment tools
	Result 12	Increased partnerships and funding secured by recognized FOs.

### Logical Framework and Indicators

	40 7 33	indicators outreach indicators indicators spread across special objectives
	The majority	of indicators is the same as in FO4ACP, FO4A, FO4LA
	Novel	is the integration of agroecology and the results of assessment tools into the logframe
	The FEAT tool	will require good planning and swift surveying by AAs and FOs to secure baseline figures. <i>*FEAT=FO-enterprise assessment tool by AFA</i>

Component structure		AFRICA	ASIA
<b>Component 1: Service to members</b>		€ 4,170,000	€ 1,524,769
	1.1: Technical and economic services and strategic VC	€ 2,753,000	€ 650,093
	1.2: Access to finance	€ 374,000	€ 80,447
	1.3: Resilient farming system through agroecological transition	€ 1,223,000	€ 794,230
<b>Component 2: Advocacy &amp; evidence-based policy engagement</b>		€ 900,000	€ 656,483
	2.1: Developing and implementing policy analysis and advocacy tools	€ 485,000	€ 261,918
	2.2: Strengthening FOs' representation and advocacy at various levels	€ 415,000	€ 394,565
<b>Component 3 Capacity development and data-driven strategic coordination</b>		€ 1,430,000	€ 618,748
	3.1: Strengthening multilevel coordination and FO alliances	€ 485,000	€ 287,370
	3.2: Improving governance, accountability, and performance within FOs	€ 500,000	€ 118,218
	3.3: M&E learning systems for strategic decision-making	€ 445,000	€ 213,159
<b>Total</b>		<b>€ 6,500,000</b>	<b>€ 2,800,000</b>
